DAILY SENTINEL.

TOBACCO.

NOTES.—The total receipts from customs duties in France for one year (1848,) according to official returns, were 146,000,000 francs, of which 84,000,000 were derived from tobacco, nearly all grown in the U. S.

The Austrian Empire contains 36,514,397 inhabitants. The annual yield (average) of tobacco in Austria is estimated at 75,000,000 pounds. The only places where the plant is permitted to be grown are Hungary, Galicia, the Tyrol and Venice. In Hungary it is the leading staple, the annual crop reaching as high as 65,000,000 pounds. Of this one-third is sold to the Austrian Regie, one-third to foreign countries, and the remaining one-third is consumed at home. The average annual importation from the United States is from two and a half to three millions pounds. The Regie clears a profit of ten cents on each pound of raw tobacco, and the annual revenue to the Government is $7,500,000.

In the states composing the Zollverein, the annual crop of tobacco is estimated at 55,000,000 pounds. The revenue derived from American tobacco is about $1,800,000 per annum.

Belgium produces annually about 1,516,000 pounds of tobacco, and imports from 9 to 11,000,000 pounds.

Holland produces from 4 to 5,000,000 pounds, and imports annually from 30 to 35,000,000 pounds. The tobacco factories in this country are stated to give employment to "one million operatives."

Bremen imports annually from 35 to 50,000,000 pounds of tobacco, most of which is manufactured in that city and re-exported to foreign markets.

Hamburg imports only from 1 to 2,000,000 pounds annually; most of which, after being manufactured, is re-exported.

The annual tobacco crop of Russia is about 25,000,000 pounds.

The annual consumption of tobacco in Spain is about 9,000,000 pounds, one-third of which is imported for the Government factories from the United States.

In Portugal the culture of tobacco is prohibited by law.

The quantity of American unmanufactured tobacco annually imported into the principal commercial countries of Europe may be thus stated: For each inhabitant of Great Britain 14 ounces; for each inhabitant of France 10 ounces; for each inhabitant of Belgium 27 pounds; for each inhabitant of Holland 22 pounds; for each inhabitant of the Hanse Towns 5 pounds; for each inhabitant of Hanover 3½ pounds; for each inhabitant of Mecklenburg-Schwerin and Mecklenburg Strelitz 2 pounds; for each inhabitant of the States of the Zollverein 1 pound; for each inhabitant of Russia one quarter ounce; for each inhabitant of Austria one ounce; for each inhabitant of Spain 3 ounces; and for each inhabitant of Portugal 1½ ounce. The aggregate quantity of tobacco annually raised in these countries (exclusive of their colonies) is about 210,000,000 pounds. The aggregate quantity of tobacco raised in the United States in 1850 was 197,752,515 pounds.*

The average annual quantity of American tobacco imported into Great Britain during a period of three years (1851-'52-'53) was 21,542,321 pounds, on which there was levied an annual average duty of $18,551,580. ALMANAC AND WISCONSIN ANNUAL REGISTER.—The publication of this work—the list of contents of which we give elsewhere, and which is already favorably known throughout the state—having been unavoidably delayed till late in the year, we are desirous to close out the lot remaining at as early a day as possible, and have accordingly reduced the price, as will be seen by reference to the advertisement.

NEWS OF THE MORNING.

The *Canada*, with four days' later dates from Liverpool, arrived at Halifax yesterday. She brings news of an advance in Breadstuffs and Consols, and the gradual settling down of affairs in Europe to the Peace level.

We have another interesting batch of letters, reports and verbal statements, in regard to matters in Kansas. They wear a most serious aspect, and challenge the attention of all lovers of Freedom and the Union.

The Wisconsin Land Grant Bill, which passed the House of Representatives yesterday, will be found in our columns this morning. There is no doubt of its becoming a law.

Some interesting particulars, as to the appropriations for our Lake Harbors, will be found in this morning's paper.

See also our local and advertising columns, outside as well inside, for various news items and business notices.

Things in Kansas.

We publish to-day a letter from our Kansas correspondent, who gives us a faithful daguerreotype of matters occurring in that Territory, which bids fair to be, not figuratively, but literally, the new battle-ground of Freedom. The outrages perpetrated daily by the Missourians and the Territorial officers upon the anti-slavery men, are more than human nature can well bear. The plot concocted to overwhelm the Free State settlers, imprison their leaders, and destroy the testimony taken before the Congressional Committee, grows daily into view.

We shall publish another letter to-morrow, containing Gov. Shannon's infamous answer to a committee of citizens of Lawrence, who sent to him to know if they were to be protected from the armed hordes gathering around them. He answered that he knew of no force gathering except the Sheriff's posse, called out to enforce the Territorial laws, and should not interfere until the Lawrence people refrained from keeping up an armed organization to resist the laws. There is no other armed organization in Lawrence than a military company, such as many western towns have; and yet this Governor Shannon has armed Col. Buford's company of Georgians with government arms, the moment they get to Kansas, and enrolled them among the forces which he is gathering to crush Lawrence!

NOT LIKELY TO GET ITS DESERTS.—The *News*, of yesterday, in one of its pleasant ebullitions of temper, discourses thus amiably:

> When we as a democrat, enjoying the patronage of a democratic administration, get so low, that such a *venal black republican, disunionist sheet as the Milwaukee Sentinel* shall *abuse* the administration whose patronage we enjoy, in one paragraph, and *beslaver* us with praises in another, we shall feel, in our estimation, that we deserve to be kicked by cripples.

No doubt the *News* richly deserves kicking; but it will probably escape the merited infliction, if it waits for the *Sentinel* to "beslaver it with praises." We could not do such violence to taste and truth, even to entitle the *News* "to be kicked."

Grant of Lands to Wisconsin.

The House of Representatives yesterday passed the bill, granting about 1,000,000 acres of the Public Lands in this State in aid of certain Rail Roads. The Bill as passed, will be found in our columns this morning. It contemplates aid to *two* roads; one from Madison or Columbus, by way of Portage City, to a point on Lake St. Croix (Hudson, probably) and thence to Lake Superior; the other, from Fond du Lac up the valley of the Wolf river, to the Northern boundary of our State, and there connecting with two roads in Michigan, one from Marquette and the other from Ontonagon. As there is no doubt of the Senate's passing and the President's approving the bill, it may be regarded as a "fixed fact." Its provisions and conditions, therefore, will be read with great interest by our fellow-citizens of Wisconsin.

BUFFALO & LAKE HURON R. R.—Our Buffalo friends are rejoicing over the passage and signature of the bill chartering the Buffalo & Lake Huron R. R. to cross Canada to Goderich on Lake Huron. Six of the Directors, are in London, two, Messrs. Barlow and Brown, in Goderich, and one, F. Ramsay in Buffalo. The Directors talk of finishing the road to Goderich in 13 months.

ILLNESS OF JUDGE KNOWLTON.—We learn from the La Crosse National *Democrat* that Judge KNOWLTON was disqualified, by severe indisposition, from holding the Spring Session of the Circuit Court for that County. A special term will probably be held on the 4th Monday of June.

FOND DU LAC KANSAS AID SOCIETY.—Prof. DANIELS addressed a meeting at Fond du Lac a few evenings since, and a Kansas Aid Society was formed, with the following officers:

President—M. C. Darling.
Vice President—M. K. Stow.
Secretary—G. W. Sawyer.
Treasurer—B. F. Moore.

THE TELEGRAPH MULCTED.—A merchant of Hamilton, Canada West, has recovered $3000 of the Montreal Telegraph Company, for tardiness in sending a dispatch to New York, whereby he lost that sum by the decline of flour. Lightning mustn't lag.

DEAD.—John Cassady, whose leg was broken at the M. & M. R. R. Depot last week, died on Saturday morning. His remains were taken to Waukesha for interment.

The Impending Civil War in Kansas!

LAWRENCE, KANSAS, May 8.

Affairs in this country seem to be rapidly hastening to a crisis. A systematic effort is being made to break up the Congressional Committee of Investigation, and prevent a report being made; and to destroy or drive out the Free State settlers—at least such appears to be the object. The Territorial, backed by the general Government, is making use of every possible means of tyranny and oppression, and petty annoyance, apparently in order to provoke a forcible collision, and, I think, if the present course is continued, that consummation will be very soon attained. I think you need not be surprised to hear of a conflict, at arms, between the settlers and the invaders, or even between the settlers and the United States troops, in the course of a few weeks, perhaps days. I would not be much disappointed should you hear such an announcement by telegraph even before the receipt of this letter. To my mind the dangers of civil war are much more imminent at this time than they have ever been before. But I am not a "prophet, nor the son of a prophet," and no one will be better pleased to know that I am mistaken than myself. But the signs of the Times are certainly ominous of evil. Discretion may [illegible] the invaders, prove to be the better part of valor: as the final result, notwithstanding any temporary advantage which they may gain in the Territory, must be irretrievably, everlastingly disastrous to the institution of Slavery.

I have time to detail but a few facts, which I shall do briefly, and your readers can supply the reflections.

Yesterday morning a reliable messenger from Missouri—one who gave the people, or authorities of Lawrence notice of the intended invasion before the town was besieged in December—came to give notice of another invasion which is positively determined upon. A message from Wyandotte, on the frontier, the day before yesterday, was of the same purport. We have it from the Missouri *Democrat*, the only paper from that city which has, at all times, favored our cause, that a large majority of the emigration which has passed that place for the Territory, has been from the Southern States. This is abundantly confirmed by passengers up the river, and that they come armed. The most of them debark in Missouri, at various places along the river, for the obvious purpose of acting in concert, and of providing themselves with the necessary outfit, &c. They have been organized and drilling in Westport for some time past. They are also enrolling themselves in the vicinity of Atchison, in the Territory and in Missouri, avowedly to march upon Lawrence. Large numbers of the Southern armed "emigrants" have passed up to Atchison, and the parts of Missouri adjoining. To-day two parties of 150 and 100 passed from below here up to Lecompton. These were Buford's men from Georgia and other south-eastern States.

Governor Shannon, backed by President Pierce, has announced that the Territorial laws *shall be enforced*. The United States troops have been placed at the disposal of the Sheriff for that purpose, and numerous arrests have been made by them on the most frivolous pretexts, and very many more are threatened. It is known that the names of a large number of our citizens are on the list, in the hands of the Sheriff or his deputies, for arrest. The Grand Jury are in session at Lecompton. They were instructed by the Judge, (Lecompte) to find bills of indictment for *high treason* against all concerned officially in the State government, down to clerks of election, &c. It is reported, whether true or not I do not know, that bills have been found accordingly, against Governor Reeder and Robinson, Lt. Gov. Roberts, and Secretary of State *pro tem*, Deitzler. A subpoena was issued by the Court yesterday, and served upon Gov. Reeder, commanding his attendance before the Grand Jury, to which he paid no attention. This afternoon an attempt was made to arrest him for contempt of court, for not obeying the subpoena.—The Congressional Committee were in session, and the Governor was present conducting the examination of witnesses. He made a statement of the case to the Committee, presented the law in the case, that he was privileged from arrest by virtue of his relations with the Congress of the United States, and gave notice that if any person laid his hand upon him, to arrest him, it would be at the peril of his life, and warned all that should any person or persons be killed or wounded, in making such attempt, there would be no redress, as it would be in opposition to law.

A majority of the Committee sustained Gov. Reeder in his position, and announced that any person who should make any further attempts at arrest could be arrested for contempt of the House of Representatives, and sent to Washington for trial. Oliver dissented from the majority, and denied that Reeder was privileged from arrest, but that Whitfield was, and that the Committee had no right to protect Gov. Reeder. It is expected that the Sheriff will return to-morrow morning with a posse to make the arrest. Should he do so with a company of U. S. troops, it is uncertain whether he would be permitted to take the Governor into custody, from the moral certainty that is felt that he would be assassinated, as they have avowed it to be their determination to do so. If he should bring a posse of these Southerners who have just gone up to Lecompton, there would certainly be violent resistance, if necessary, in order to prevent the arrest.

9th, 8 A. M.—A messenger just in from Leavenworth brings a despatch that the Kickapoo Rangers, with a large body from Weston, Missouri, are now on their march for this place. A conflict appears to be desired by them that shall be a pretext for a general assault upon the Town and the Free State men of the Territory, and more especially for the dispersion or destruction of the Committee and the evidence they have taken. The issue is thus already made up between the President and his agents here in the enforcement of these obnoxious and illegal enactments on the one hand, and the House of Representatives and their Committee, agents and witnesses on the other. What the end shall be is, in fact, unknown; but the probabilities are pretty clear. Lawrence is not now in a condition to defend itself against a combined attack by her enemies, and, perhaps, at the outset, the Free State men of the Territory may be overborne; but it cannot be that the cause of human liberty will be permitted to be set back or retarded by the discomfiture of her votaries here.

Emigration to this Territory from the North, has not thus far, this Spring, met our expectations. It is to be hoped that our present desperate condition will stimulate the people of the North to meet the question of freedom or slavery on this, its battle ground, and that the stigma which now attaches to them, of having held back last season for fear of war, will be removed.

The Committee will probably send to-day to the President for authority to call upon the U.S. troops for protection against an apprehended invasion. They have now not that power, though they have the power to call on the militia, or rather to receive them into their service, as special sergeants-at-arms for the purposes of the Committee.

9 P. M.—Being disappointed in my expected opportunity to send this by private hand this morning, I will add a few more items. The Sheriff and posse have not made their appearance in our place to-day, although they left Lecompton this morning and came in this direction. Probably they went to a camp of some 150 Georgians, who are some eight or ten miles south of us. The company of Kickapoo Rangers and others are supposed to have arrived at Lecompton this evening. Gov. Robinson left the country for the East this morning on the advice of his friends, to present the exigencies of our situation to the people of the States. Gov. Reeder sent a note to Judge Lecompte and Gov. Shannon this morning, *offering to appear before the Grand Jury* if they would guarantee his personal safety and his return to the Committee of Investigation at a reasonable time. He would waive, not abandon, his privilege as a member of the House of Representatives and connected with the Commission. It is said that Judge Lecompte, with an air and manner of conscious dignity, remarked that he had no reply to make. Governor Shannon replied that undoubtedly he would be safe in his person if he should attend, but declined making any guarantee. Of course Mr. Reeder did not go. He has remained concealed during the day. Major Oliver, of the Committee, and Gen. Whitfield, went up to Lecompton this morning, (it is some 10 miles west of this place) and it is reported they advised the Governor and the authorities not to send a posse here for the arrest of Reeder and Robinson, as they could not be found, and if they could, the whole force of the place would resist the arrests. Notwithstanding this report the usual vigilance will be observed. Guards and sentries will be posted—Scouts are out—the people of the town ready for an alarm—and many in from the country, in anticipation of a want of their assistance.

Gov. Shannon is giving out the Government arms for the use of the Militia of the Territory, to those companies from Atchison, and such only as will swear to support the Bogus laws.

10th.—All remained quiet last night, and this morning opens upon us naturally, most beautifully. Politically, it is yet dark. L.

Very Late From Kansas.

We had the pleasure, last evening, of an interview with Mr. J. W. CLARK, of Marquette County, in this State, who has just returned from a brief visit to Kansas whither he went to see and judge for himself. He confirms all Professor DANIELS' reports as to the beauty, fertility and salubrity of the country, and also as to the state of feeling there.

Mr. CLARK left Leavenworth City on Saturday last, the 17th inst. The Congressional Committee was then in session there and would be occupied about two weeks longer. The testimony taken is perfectly conclusive as to the villainous frauds practiced by the "Border Ruffians" in the Territorial Election.

Mr. CLARK met with men on the river who had left Lawrence on the evening of the 19th inst. The city was in a state of siege, hourly expecting an attack from the "Border Ruffians," and making ready to repel it; Gov. SHANNON having refused to interfere and insultingly told them they must depend upon their own resources. They have four pieces of cannon and 800 armed men in Lawrence; while their assailants number fifteen hundred strong, fully armed and equipped, many of them with Government rifles and muskets! A desperate fight is believed to be at hand.

Mr. CLARK is at the American House and may be found there, or at the rooms of the Emigrant Aid Society, to day, by any persons wishing to hear further in relation to Kansas.

THE OREGON INDIAN WAR, &c—*Latest from the Cascades.*—We learn from J. O'Neill, says the *Oregonian*, who is just over from Vancouver, that news came down that 1,000 Indians are approaching upon the Dalles from the North, and were within ten miles of that place. Also that Mr. Pearson, the mountain expressman, had followed the trail of the Indians, who were defeated at the Cascades, some ten miles toward the Dalles.

There is no doubt that those Indians who destroyed the Cascades have gone back to the main body of Kamaiakin's command.

There is now no doubt, says the *Oregonian* but that the call for a Convention to organize a State Government, has been voted down by the people. This is the third time this question has been submitted to the people by the restless office-hunting crowd who infest the *Statesman* office, "seeking whom they may devour," and has as often been repudiated.

Harbor Appropriations for Wisconsin.

We learn from Washington that, on the call of Senator Dodge, a copy of Col. Graham's last report in reference to Harbor Improvements on Lake Michigan has been laid before the Senate. In the report, Col. GRAHAM estimates, as follows, for our Wisconsin ports:

Kenosha,	$45,947 94
Racine	44,692 45
Milwaukee	59,605 95
Manitowoc	62,736 84
Sheboygan	53,711 55

The bills reported from the Committee on Commerce, for these several Harbors, will be amended to conform to the above estimates, and will pass in that shape. A Presidential *Veto*, however, is anticipated; but there are hopes of a *two-thirds* vote in each House.

A SOUTHERN WITNESS.—We commend to the notice of our readers the article which we copy in to-day's paper, from the Jefferson City (Mo.) *Inquirer*, confirming, directly, what our own correspondent and other Free-State authorities have said, about the deliberate design of "the Border Ruffians," to stir up strife in Kansas and level Lawrence to the ground. Gov. SHANNON refuses to interfere to prevent the preconcerted outrage, and, no doubt, the U. S. troops will be held back, in order to give the Pro-Slavery forces full swing.

RAILROAD MAP—MILWAUKEE AND BELOIT R.R.—At the Walker House, there has been exhibited for two or three days past, a large map, exhibiting the connections and intersections which will be made with other roads on the line of the Milwaukee and Beloit R. R. We say it *will* be built, for we have not a doubt of it. The study of that map, and reflections upon the amount of business which such a line must bring to this city, ought to be sufficient, we think, to give an impulse to the stock list, which will result in a handsome sum being forthcoming at once.

THE RUSH AT LA CROSSE.—The La Crosse National *Democrat* of the 16th gives the following list of arrivals at the several hotels in that busy young city, during the preceding week:

New England House,	655
American House	216
McDowall & Green's	250
Washington House	140
Galena House	30
Wisconsin House	20
Mississippi House	412
German Hotel	205
Western Hotel	169
LaCrosse House	50
City Hotel	25
Wilcox's	40

The aggregate, *two thousand, two hundred and fifteen*, will do pretty well for one week's work.

FROM KANSAS.—Mr. J. W. CLARK, late of Madison, writes an interesting letter to the *Journal* concerning the Territory of Kansas, and political matters therein. We copy a couple of paragraphs:

> The prairies are already dotted by tens of thousands of self-sustaining northern men whose spirit is undaunted, and whose energies greatly quickened by the incessant persecution and malice of Pierce, Douglas and their minions. Four-fifths of the actual settlers and legal voters, of Kansas, to-day, are Free State men, and their number is increasing daily and hourly.
>
> On the whole, I cannot do better for those wishing such information, than by referring them to Mr. Daniel's letters, published in the Wisconsin papers, with the assurance that his statements contain a truthful portraiture of the real state of facts in this territory. His letter is practical and comprehensive, and as good a guide as can be had short of actual observation.

FASHION.—A notice appeared in a Western paper a short time since of the death of this celebrated mare. We are pleased to announce that this is incorrect. She was ill at the time of the birth of a bay colt, sired by Monarch, but is now with her foal doing well.—She is to be bred to the celebrated horse "Lexington" of Kentucky, and we may expect some fine decendants from this first of American Turf horses.—*Albany Eve. Journal.*

PRAIRIE DU CHIEN AND LA CROSSE RAILROAD CHARTER.—We are assured by Doctor Cameron that the bill relating to the above road, introduced by him, passed both Houses and was signed by the Governor. The impression has obtained that the bill was postponed.—*La Crosse Democrat.*

The Wisconsin Land Bill.

We received by mail, yesterday, and hasten to publish the Wisconsin Land Grant Bill, as it passed the House of Representatives yesterday. The amount donated is stated at 1,518,000 acres:

A BILL

Granting a portion of the public lands to the State of Wisconsin, to aid in the construction of railroads in said State.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be, and is hereby, granted to the State of Wisconsin, for the purpose of aiding in the construction of a railroad from the City of Madison or Columbus, by the way of Portage City, to a point on Lake St. Croix, between townships twenty-five and thirty-one; and from thence to Lake Superior; and also from Fond du Lac, on Lake Winnebago, northerly, to the northern boundary of the State, every alternate section of land, designated by odd numbers, for six sections in width on each side of said roads. But in case it shall appear that the United States have, when the line or route of said roads are definitely fixed, sold any section, or any part thereof, granted as aforesaid, or that the right of pre-emption has attached to the same, then it shall be lawful for any agent or agents to be appointed by the governor of said State to select, subject to the approval of the Secretary of the Interior, from the lands of the United States nearest to the tier of sections above specified, so much land in alternate sections or parts of sections, as shall be equal to such lands as the United States have sold, or otherwise appropriated, or to which the right of pre-emption has attached as aforesaid, which lands (thus selected in lieu of those sold, and to which pre-emption has attached as aforesaid, together with the sections and parts of sections designated by odd numbers as aforesaid, and appropriated as aforesaid) shall be held by the State of Wisconsin for the use and purpose aforesaid: *Provided,* That the lands to be so located shall in no case be further than fifteen miles from the line of the roads in each case, and selected for and on account of said roads: *Provided further,* That the lands hereby granted shall be exclusively applied in the construction of that road for which it was granted and selected, and shall be disposed of only as the work progresses, and the same shall be applied to no other purpose whatsoever: *And provided further,* That any and all lands reserved to the United States by any act of Congress for the purpose of aiding in any object of internal improvement, or in any manner for any purpose whatsoever, be, and the same are hereby reserved to the United States from the operation of this act, except so far as it may be found necessary to locate the route of said railroads through such reserved lands; in which case the right of way only shall be granted, subject to the approval of the President of the United States.

SEC. 2. *And be it further enacted,* That the sections and parts of sections of land which, by such grant, shall remain to the United States within six miles on each side of said roads, shall not be sold for less than *double the minimum price* of the public lands when sold; nor shall any of said lands become subject to private entry until the same have been first offered at public sale at the increased price.

SEC. 3. *And be it further enacted,* That the said lands hereby granted to said State, shall be *subject to the disposal of the Legislature thereof* for the purposes aforesaid, and no other; and the said railroads shall be and remain public highways for the use of the Government of the United States, free from toll or other charge upon the transportation of property or troops of the United States.

SEC. 4. *And be it further enacted,* That the lands hereby granted to said State shall be disposed of by said State only in the manner following: that is to say, that a quantity of land, not exceeding one hundred and twenty sections, and included within a continuous length of twenty miles of said roads, may be sold; and when the Governor of said State shall certify to the Secretary of the Interior that any twenty continuous miles of said roads are completed, then another like quantity of land hereby granted may be sold; and so, from time to time, until said roads are completed; and if said roads are not completed within ten years, no further sale shall be made, and the lands unsold shall revert to the United States.

SEC. 5. *And be it further enacted,* That the United States mail shall be transported over said roads under the direction of the Post Office Department, at such price as Congress may by law direct: *Provided,* That until such price is fixed by law, the Postmaster General shall have the power to determine the same.

Affairs in Kansas.

We are handed the following extract from a letter to a gentleman in this city, from an old and highly respected citizen of North-west Missouri, and one who is strongly pro slavery in his sentiments, and in favor of making Kansas a slave State. The gentleman to whom the letter was addressed, is also a pro-slavery man. Now that the Government has taken steps to enforce the laws of Kansas, and ordered the United States troops to the aid of Gov. Shannon, if he should call for them, the citizens of Missouri should not interfere. No one will doubt the power of the government to enforce the laws of the Territory. We do hope the sober second thought of the people of North-west Missouri will influence them in this matter. If there are bad men—and we presume no one doubts it—in and about Lawrence, it is no justification for the people of this State, or Kansas Territory, destroying the place. Let the proper authorities punish those who violate the laws, but let not the calamities of civil war be brought upon the people of the country because of the folly of a few political fanatics. As the writer of the extract, however, well remarks, we are reaping the rewards of the repeal of the Missouri Compromise, and, we may add, witnessing the beautiful workings of Squatter Sovereignty:

> "Schemes are now on foot, which, if not arrested, will put an end to our glorious Union.—There is a fixed determination to destroy Lawrence and raise the very foundation of the last house in it. Companies are now being organized—cavalry, artillery and infantry, with a view of calling on Gov. Price for arms, and those to be used in Kansas.
>
> The plan for getting up the difficulty is for two or three men to go to Lawrence, get into a difficulty and raise a row—then eight or ten more, and by their conduct increase the excitement; then other additional men go, until they get up a row, then the forces are to be mustered and marched on Lawrence. The opinion is that it will take 3,000 men to take it. But it is said with artillery it can be taken with 1500 men. I hear that cannon heads are now being cast at the foundry in Lexington, for different pieces of artillery that are to be had in the upper part of the State.
>
> The plotters of this nefarious scheme to dissolve the Union now have spies in the Territory whose duty it is to give a proper coloring to all that is going on.
>
> There is great dissatisfaction getting up against Col. Sumner, commanding at Fort Leavenworth, and petitions, I am told, are in circulation, asking the Secretary of War, Jef. Davis, to remove him. Col. Sumner no doubt feels the delicacy and responsibility of his position, and they charge him with being a free State man.—I heard it said that from the combinations forming, that there would not be a house standing, not a human being left in Lawrence in two months from this time.
>
> So you see the beauties of the repeal of the Missouri Compromise. There are thousands who now think the Territory had better be inhabited by the Indians, or else organized under Col. Benton's amendment to Miller's bill. It would then have been settled by poor men under the pre-emption given by it."

TREASON.—Arrests are being thickly made in Kansas, of the Free State Officers and Members of the Legislature, upon the charge of Treason! The "Democratic" Administration at Washington stimulates these arrests, and has lent a part of the United States Army to help execute the writs. What is Treason? The Constitution defines it to be, "the actual levying of war against the United States, or adhering to their enemies, and giving them aid and comfort." Is the adoption by the actual citizens of a Territory of a State Constitution, a "war" against the United States? Is the election of State Officers under that Constitution an "adhering to the enemies" of the United States? Is the sitting of the Legislature elected under that Constitution an act of "aid and comfort" to the enemies of the Republic?

Why what ineffable impudence is this! One of the painful evidences of the subjugation of Northern virtue and manhood to Slavery, is the audacity which exists in Missouri, to hold the Kansas men to answer this charge of Treason, and the encouragement given to it by "Democratic" politicians, in and out of office. No charge ever made by knaves upon innocent men, was half so preposterous as this bald one of Treason. There is a Treason though, and there are Traitors. There is a Treason to Liberty, and Slavery impels it—and there are Traitors to Republican Freedom, and Douglas and Pierce are at their head.—*Albany Evening Journal.*

ALL RIGHT.—The grading on the Railroad from this place to Oshkosh, was begun in good earnest on Thursday last. Forty hands, and as many teams as could be used to advantage were at work on Friday when we were on the line of the road.

The grading is very light on this route, so that though the job is let at nearly $1,000 less per mile than on the Horicon road, yet the contractors will make a nice sum out of the contract.—*Ripon Spur.*

MR. OLIVER, OF MISSOURI.—The Lawrence correspondent of the N. Y. *Tribune* says:

> You will remember that Oliver, the Missouri member of the Commission, stated in a speech in Congress that he knew of no frauds connected with the elections in the Territory, save an instance when some Free State men, belonging to a steamboat at Leavenworth, voted. As an offset to this, it is positively stated here by men who have evidence to submit, that Oliver himself came with a party from Missouri, and whether he voted or not, that he, at least, made speeches to those who did. If such evidence be submitted it will sound very prettily in Congress, will it not?

WINTER WHEAT.—Winter Wheat as well as the other grains looks promising. On the road to Reedsburg last week we noticed several fields which appeared very promising. Mr. Jenkins has a field of some 12 acres which sets like a mat upon the ground, and does not seem to have suffered in the least from the severities of winter. Mr. Rottsford has a field said to be equally as good. Mr. Murphy has another. All look fair and promising. That this is an excellent section for winter wheat there can be no doubt. The other excellent crops are nearly all in the ground. Farmers are bound to do well this season.—*Sauk Co. Democrat.*

DIED.

In this city, on the 19th of May, of congestion of the brain, KATE JOSEPHINE PRYOR, only daughter of E. M. and the late Philip Pryor, aged 6 years and 10 months.

The cheek's bright tinge, the lids dark fringe,
That lies like a shadow there—
Were beautiful to the eyes of all—
And her glossy golden hair.

We will lay her under the mossy sod,
And one long bright tress we'll keep;
We have only given her back to God,
Ah! wherefore do we weep.

April 28th, at his residence in Muskego, Waukesha Co., of congestion of the lungs, NATHAN COBB, aged 26 years.

ABANDONED.—All hope of raising the steamer *Northerner* has been given up. The owner will look to recover her value by suit at law.

FIRST ARRIVAL.—The prop. *Edith*, of the American Trans. Co's line, arrived yesterday, being the first vessel which has made the round trip between this port and Buffalo. She landed her freight at the Company's dock and went on her way rejoicing, decked with flags from stem to stern.

THE IRON PROPELLER.—The *Bay State*, on account of adverse weather has not yet been raised. On the contrary, she has settled in the sand some three feet deeper, and the party contracting to raise her is somewhat discouraged by the heavy seas prevailing.—*Chicago Tribune.*

BREADSTUFF RECEIPTS.—Over 200,000 bushels of Corn have been shipped to Toledo by the Wabash and Erie Canal, during the last two weeks. Numerous agents of large houses in Toledo and New York are now in this city, and are paying from 31 to 35 cents per bushel afloat. We heard of a sale yesterday, of 4,000 bushels at 30 cents.—*Lafayette American, 13th inst.*

THE IMMENSE MASS OF TESTIMONY IN favor of Hoofland's German Bitters, convinces us that the article is all it is represented to be, and consequence we advise a trial of it by those afflicted with diseases for which it is recommended.
R. CHATFIELD, Esq., said:
LOWELL, Dodge Co., Wis., Nov. 1, 1851.—"Over a year ago I sent some money to you from Canada, and received some of your German Bitters, which I used and found great relief from. My health has improved to such a degree, that I am again able to attend to my business. A large number of the dyspeptics in this neighborhood have had to send to Milwaukee for the medicine. An agent here could sell large quantities, as I know it to be a sure cure."
Samuel Moore, Platteville, Wis; James L. Manville, Jefferson, Wis; Holden, Kemp & Co., Janesville, Wis; and others in that State, have also expressed their great confidence in the virtues of the Bitters. See advertisement.

CHILLS AND FEVER.
TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of laborious and unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers; for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effects, but such is not the case. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.
Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, Jr., No. 155 East Water street.
N. B. The great recommendation for these pills are, that they only require about three to effect a cure. Enquire for THAYER'S OMEGA PILL for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by Farn. W. Thayer, 697 Washington street, Boston.

Fever and Ague—an Infallible Cure.
WE DEFY THE WORLD to produce any medicine which, does not contain Quinine, Arsenic, Mercury or any noxious or deadly compound, to cure this annoying disease so effectually as Carter's Spanish Mixture. While it contains none of the above named dangerous articles, yet it possesses a power in relieving and curing Fever and Ague which cannot be approached by any of those named. It invades the blood, opens the pores of the Skin, and assists nature to expel from the system the seeds of disease, and imparts instead, the remains of the Mineral Doses, which clog and finally destroy the constitution.
See the case of Mr. Longden of Virginia. He had chills twice a day for 5 years, nothing would relieve him until he tried Carter's Spanish Mixture, only 3 bottles of which restored him to health, and he had no return of the disease since.

☞ When Machaon, the Greek Physician was slain, Homer said of him, "a good Physician is worth so much as a whole army." Then a great deal more is due to Carter's Spanish Mixture, [illegible]

Liver Complaint, Dyspepsia and Piles.
PHILADELPHIA, March 1, 1855.
DR. C. M. JACKSON—Dear Sir:—For the past two years I have been severely afflicted with the Liver Complaint, Dyspepsia and Piles, suffering constantly the pains and inconvenience attendant upon such complaints, without energy, being scarcely able to attend to my business. I used a great deal of medicine, with no apparent change, until I used your "Hoofland German Bitters." They have entirely cured me. I am now entirely free from pain of any kind, and feel like a new man in every respect, and unhesitatingly recommend your Bitters to all invalids.
Yours, respectfully,
JOHN R. CORY,

CITY MATTERS.

A LOT OF TEN THOUSAND ACRES just received and on hand. Prices are low and advancing. We advise all parties to purchase immediately. Will fill orders from the country favorably.

BRIDGE BROTHERS,
may21e [illegible] 123 East Water st.

POLICE COURT, MAY 21.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Daniel Finley and Joseph Bolger, drunk and disorderly, were each fined $3. James Brennan and James Byrne were each fined $5 for a like offence. Thomas Conlin, for being drunk, fined $1. George Williams, disorderly, fined $4. Patrick Roark, disorderly, $4.

AN ENGLISH WOMAN WHIPPER.—A man named Thomas Palmer was sent to jail for 30 days for a brutal assault and battery upon his wife, kicking her twice down stairs. The defendant wanted to pay a fine of $50, but the Justice refused a fine—sending him to jail. This fellow, who has an enterprising and industrious woman for a wife, has been up before for drunkenness and abuse of his wife, but was let off by her interceding for him. He is now where all women whippers should be.

George Strub, for an assault and battery upon Josephine Kohlman was fined $5 and costs, the whole amounting to $12 [illegible], he was taken [illegible] on a commitment.

Michael Shields, for an assault and battery upon Samuel Bush, was fined $5 and costs.

A COLLISION.—The propeller *Edith*, in passing through Walker's Pt. Bridge yesterday afternoon, struck the stern of the schooner *North Cape*, knocking away her davits, and [illegible] her stern, in so doing, struck her wheel against a sunken pile, doing, however, no damage, we believe. It is a wonder that the wheel was not crushed, and we commend the subject of those sunken piles, both above and below that bridge, to the immediate attention of the proper authorities. They should be securely driven and framed as is the case with the other bridges.

HATHAWAY'S ADDITION.—On the old city maps, near the upper end of Jackson and Van Buren streets will be seen a patch of lots, running in a very singular manner, and so small as to have suggested, beyond doubt, the name of *Hahnemann* for one of the streets running through them. Well, this tract has been re-platted so that the streets run evenly with the others in the Ward and the lots have been laid out in better dimensions. The property is well located, and commands a fine view. Under the name of "Hathaway's Addition," the lots will be offered at public sale this morning, at Wall's Auction Room, on very favorable terms for buyers, as will be seen by Wall's advertisement of the sale.

THEATRE LAST NIGHT.—The production of "Camille" drew a crowd at Young's Hall, last evening, and proved a most successful hit for Miss Denin. She sustained the leading character with great force and spirit, and was vehemently applauded. Mrs. THORNE and MESTAYER also distinguished themselves. Want of space compels us to defer, till our next, a fuller notice. The play will be repeated *to-night*, with an amusing afterpiece, and we advise the patrons of the drama to go and see it. It is decidedly Miss Denin's best character.

FOR SUPERIOR.—The steamer *Superior* leaves this evening, from Dousman & Co's Pier, for Lake Superior, on her second trip. For passage by her, apply to JOHN GRIFFIN, near the corner of Main and Huron streets. GRIFFIN is also passage agent for the fine boats of the American Transportation Co. He is an indefatigable man in his business, and we are glad to see him find plenty of it to do.

CROSBY'S CONCERT TO-NIGHT.—Mr. and Mrs. Crosby give another concert to night, at the Military Hall. Last night the audience was so small that Mr. Crosby sang three songs and refunded the money. His singing was most excellent; the burlesque of the Italian Opera was of the richest kind, and the Old Sexton was sung beautifully. He will, doubtless, have a good house to-night, as he richly deserves. The Council charged him $5 for the license last night.

PRINTERS' WAREHOUSE AT CHICAGO.—We take pleasure in calling the attention of the Craft throughout our state to the advertisement of our friend S. P. ROUNDS, at Chicago. He keeps on hand everything that a Printer wants, and will fill all orders at short notice and on the best terms.

FOR COLLINGWOOD.—The steamer *Niagara*, which left here yesterday morning for Collingwood, had a very good load of passengers and freight. The next boat of the line is the *Queen City*, which will leave our port for Collingwood to-morrow morning, at 8 A. M., making intermediate landings. L. D. JARVIS is the agent, and his office is on Huron Street, near the corner of Main.

CRICKET MATCH,

TROTTING AND FOOT RACING.

ADMITTANCE FREE!

ON WEDNESDAY the 21st of this month, (May,) the above will come off, at the Cricketer's Arms, 5 miles from the city, upon the Lisbon Plank road. Mr. Gelb, the proprietor, has gone to great expense in fitting up his grounds; his half mile trotting park around the Cricket Ground is excellent.

Great sport may be expected. The different Cricket Clubs are in constant practice. To see that manly game played, as the Sussex and Lisbon Clubs can play, is of itself a sufficient inducement for the ride.
may16e [illegible] J. W. GELB, Proprietor.
The above match is postponed to Thursday, 29th inst.

HALIFAX, May 20th.

The steamship *Canada* from Liverpool, May 10th arrived here at 8:30 P. M. and sailed for Boston at 10 P. M., where she will be due on Thursday.

The *Washington* arrived at Southampton on May 4th, and the *Cambria* and *Baltic* at Liverpool, at 5 P. M. the same day.

GREAT BRITAIN.—The Queen held a court at Buckingham Palace on the 7th for the purpose of receiving the addresses of the Peace Question from the House of Lords and the House of Commons. The deputations came in great state and numbered nearly 100 persons; the Queen briefly acknowledged the addresses and expressed her satisfaction at the establishment of peace, securing its preservation. Both Houses of Parliament have recorded a vote of thanks to the Army and Navy. A pension of £1000 sterling for life, would be settled on Gen. Williams, who is also created a baronet by the title of Sir Wm. F. Williams of Kars. Lord Elgin postponed his motion of enquiry respecting the troops ordered to North America, till after the Holidays. Count Derona has been appointed Minister to St. Petersburgh, and Count Orloff has the Woronzoff Palace on a lease.

BELGIUM.—The Senate was in action on the 13th. A dispatch from Brussels says, in the Chamber on Wednesday, the foreign ministers, in answering the question in regard to the speech of Count Walewski, on the press of Belgium, replied, that that speech had not been officially communicated to the Government. When communications should be made, the answer would be ready, and would be communicated to all the governments, and would formally maintain the rights of a constitutional and independent country.

VALUABLE FARM AND WATER POWER for sale. I will sell one of the best farms in the State, with a moderate cash payment, and on easy terms, or exchange same for city property.

Said farm is situated 20 miles from Milwaukee, on a Plank Road, and 3 miles from a depot on the Milwaukee and Mississippi Railroad, and comprises 360 acres, of which 229 acres are fenced, improved, and partly cropped. There are on said farm one frame house, one log house, one large frame barn and any number of sheds, &c., a fine orchard, beautiful springs and a running stream with a considerable fall, the dam is built and a large portion timber collected on the spot for the erection of a mill, which in that neighborhood would prove a largely paying investment. The property is owned jointly by two parties who are desirous of dividing and settling up their joint interests, and for this reason offers a rare chance for an enterprising man to make a good strike.

"PRO BONO PUBLICO."

W. LAIDLAW'S LAND AGENCY, office 283 East Water Street, 2 doors south of Walker House. I beg to return thanks to the public for the liberal patronage bestowed upon me during the time I have been engaged in the real estate business, and I do so with all the more pleasure on account of having received the most striking proofs of the manner in which my services are appreciated. Those who have patronized me know well, and will cheerfully testify to, the advantages which I offer. My principles are straight-forward, honorable and honest. I never require any one leaving the sale of property in my hands, to enter into any written obligation of whatever nature or kind soever, binding him to pay a commission anyhow, but adopt the principle of "*No sale no charge.*" The great increase of business has compelled me to enlarge my office, which, now being finished, is the most convenient, and my office in that respect as the list of property I offer for sale is second to none. I would strongly recommend those who wish to be well served to make my office their head quarters. I have prepared a new map of the city which exhibits at one glance, and in striking colors, all the best and most desirable property offered for sale. may17

The Ballad of Young Ireland.

From Thackeray's new "Miscellanies in Prose and Verse."

[This ballad was once recited at a literary club, by a son of the celebrated Daniel O'Connell, who at the time declared that no Englishman had equalled its author in Irish spirit in which that *Irish* ballad was written. The ballad—which from the lips of Mr. O'Connell, made every one 'roar with laughter loud and long'—is apropos of the meeting in Limerick held by the 'Young Irelanders,' O'Brien, Meagher, &c., for the purpose of agitation, but which was interrupted by the police.]

Ye genii of the nation,
Who look with veneration,
And Ireland's desolation onsaysingly deplore;
Ye sons of General Jackson,
Who trample on the Saxon,
Attend to the thransaction upon Shannon shore.

When William Duke of Schumbug,
A tyrant and a humbug,
With cannon and with thunder on our city bore,
Our fortitude and valliance
Insthructed his battalions
To respict the gallant Irish upon Shannon shore.

* * * * *

A chief of 'ancient line—
'Tis William Smith O'Brien—
Reposes this darling Limerick, this ten years or more;
O, the Saxons can't endure
To see him on the flure,
And thrimble from the cuero from Shannon shore.

The ballad then goes on to relate how, on his return from 'Paris' (Paris) the Limerick heroes determined to feast 'Mr. O'Brine,' and that they consequently

———summoned to our board
Young Meagher of the sword—
'Tis he will sthain that battle-axe in Saxon gore;
And Mitchell of Belfast
We bade to our repast,
To drink a dish of coffee upon Shannon shore.

* * * * *

'Twould benefit your sowls
To see the butthered rowls,
The sugar-tongs and sangwidges, and craim galyore,
And the muffins and the crumpets,
And band of harps and thrumpets,
To celebrate the *sworry* upon Shannon shore.

But Clarendon and Corry
Connellan behld this sworry
With rage and emulation in their black hearts' core;
And they hired a gang of ruffians
To interrupt the muffins,
And the fragrance of the congo, upon Shannon shore.

* * * * * *

As Smith O'Brine harrangued,
They battered and they banged;
Tim Doolan's doors and windies down they tore;
They smashed the lovely windies
(Hung with muslin from the Indies,)
Purshuing of their shindies upon Shannon shore.

With throwing of brickbats,
Drowned puppies and dead rats,
These ruffin democrats themselves did lower;
Tin kettles, rotten eggs,
Cabbage-stalks and wooden legs,
They flung among the patriots of Shannon shore.

* * * * * *

'Put down the bloody horde!'
Says Meagher of the Sword;
'This conduct would disgrace any Blackymore!'
But the best use Tommy made
Of his famous battle blade,
Was to cut his own stick from the Shannon shore.

Immortal Smith O'Brine
Was raging like a line (lion;)
'Twould have done your soul good to have heard him roar;
In his glory he arose,
And he rushed on his foes;
But they hit him on the nose, by Shannon shore.

Then the fut and the dhragoons,
In squadthrons and platoons,
With mewsic playing chunes, down upon us bore;
And they bate the rattatoo;
But the Peelers came in view,
And ended the shaloo upon Shannon shore.

Zinc Preparation for Walls.—A property has been discovered possessed by oxychloride of zinc, which renders it superior to the plaster of Paris for coating the walls of rooms. It is applied in the following manner: A coat of oxyde of zinc mixed with size, and made up like a wash, is first laid on a wall, ceiling, or wainscoat, and over that a coat of chloride of zinc applied, being prepared in the same way as the first wash. The oxyde and chloride effect an immediate combination, and form a kind of cement, smooth and polished as glass, and possessing all the advantages of oil paint, without its disadvantages of smell, &c. The inventor further suggests the employment of oxychloride of zinc as a paint for iron, and also to stop hollow teeth, for which its plasticity and subsequent hardness and impenetrability to the moisture of the mouth, render it perfectly suitable.

MILWAUKEE MUTUAL
FIRE INSURANCE COMPANY.
OFFICE IN MARTIN'S BLOCK, MILWAUKEE, WIS.
Capital over $165,000, in Cash & Premium Notes.

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incompatible ease with which losses are settled. During the last five years, this Company have issued 2000 Policies, and made but three assessments, at a cost to the property insured, not exceeding two mills on the dollar.—Its business is principally confined to this State.

READ AND JUDGE FOR YOURSELVE

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:

CARLYLE, Ill., June 23, 1855.

I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey; but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 10, 1855.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING.

A gentleman of Boston writes to his friends in New Bedford, thus

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years [illegible] the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLIAMSON,
133 Second Street.

ST. LOUIS, June 22, 1855.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey; and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c.,
H. L. STEWART.
